

Frequently Asked Questions

Everything you need to know about using PDFVault.

Getting Started

What is PDFVault?

PDFVault is an all-in-one website for everyday document work — converting, editing, signing, compressing, merging, splitting, and more. Core tools are free to use, with no account required.

Do I need an account to use PDFVault?

No. Core tools are available without an account. Creating an account lets you save files to your vault and access premium features like downloading edited or converted files.

What file types does PDFVault support?

PDFVault works with PDF files as well as common formats like Word, Excel, PowerPoint, and images (JPG, PNG), which can be converted to and from PDF.

Pricing & Billing

How much does PDFVault cost?

You can start with a 7-day trial for \$0.99, which gives you full access to premium features including file downloads. If you don't cancel before the trial ends, it automatically continues as a monthly subscription at \$25 per month.

When will I be charged?

You're charged \$0.99 when you start your trial, and then \$25 every monthly after your trial ends, unless you cancel before your trial expires or before the next renewal date.

Can I use PDFVault without paying?

Yes — our core tools (merge, split, compress, convert, rotate, unlock, watermark) are free to use. A subscription is only required for downloading certain premium outputs and accessing additional features.

Will prices ever change?

We may update pricing from time to time. If we do, we'll give you advance notice by email or on the Service before the change applies to you, and you can cancel if you don't agree to the new price.

What payment methods do you accept?

We accept major credit and debit cards through our payment processor. We do not store your full card details.

Cancellations & Refunds

How do I cancel my subscription?

You can cancel anytime in your account settings, or by emailing support@pdfvault.ai before your next renewal date. Cancelling stops future charges — you keep access for the rest of your current paid period before your next renewal date. Cancelling stops future charges — you keep access for the rest of your current paid period.

If I cancel, do I get a refund for the current period?

No. Cancelling stops future renewals, but we don't refund the unused portion of a period you've already paid for, except where required by law.

Can I get a refund on the \$0.99 trial charge or a \$25 renewal?

Purchases are generally non-refundable, but we'll review requests involving technical issues, duplicate charges, or unauthorized charges. EU, EEA, and UK residents also have a 14-day right of withdrawal. See our Refund Policy for full details.

I'm in the EU — what are my rights?

You have 14 days from the date you subscribe to withdraw from the contract without giving a reason, by emailing support@pdfvault.ai. If you asked us to start the service immediately and acknowledged you'd lose this right upon full delivery of digital content, that withdrawal right may no longer apply once the content has been delivered. See our Subscription Terms and Refund Policy for details.

Privacy & Security

Do you store the files I upload?

No. The contents of your uploaded files are not collected. Files are processed in memory and are not retained beyond your session unless you choose to save them to your account.

Do you sell my personal data?

No. We do not sell your personal data. See our Privacy Policy for details on what we collect and how it's used.

Is my data secure?

We use industry-standard security measures, including TLS encryption in transit and hashed passwords. No system is completely secure, but protecting your data is a priority in how we build the Service.

How do I delete my account and data?

Contact us at support@pdfvault.ai to request deletion of your account and associated data. See our Privacy Policy for more on your rights.

Tools & Features

What tools are included?

Edit & Sign, Convert to PDF, Convert from PDF, Compress, Merge, Split, Rotate, Unlock, and Watermark, with new tools added regularly.

Can I import files from Google Drive or OneDrive?

Yes. You can upload from your device or import directly from Google Drive or Microsoft OneDrive.
